### **About Helius Medical Technologies, Inc.**

Helius Medical Technologies is a neurotech company focused on neurological wellness. The Company's purpose is to develop, license and acquire unique and non-invasive platform technologies that amplify the brain's ability to heal itself. The Company's first commercial product is the Portable Neuromodulation Stimulator (PoNS™). For more information, visit [www.heliusmedical.com](http://www.heliusmedical.com).

### **About the PoNS Device and PoNS Treatment™**

The Portable Neuromodulation Stimulator (PoNS) is a licensed class II, noninvasive, medical device in Canada intended for use as an acute treatment of chronic balance deficit due to mild-to-moderate traumatic brain injury and is to be used in conjunction with physical therapy. The device is limited to prescription use. The PoNS is an investigational medical device in the United States, the European Union ("EU"), and Australia ("AUS"), and it is currently under review for clearance by an EU Notified Body and the AUS Therapeutic Goods Administration. PoNS Treatment™ is currently not commercially available in the United States, the European Union or Australia.
